

Dear Emily and the Library Accessibility Alliance Team,

Thank you for taking the time to review our website and for sending your accessibility report findings. We truly appreciate the care and attention that went into identifying these issues.

Please know that the items you've highlighted are on our radar. With our small team, we are actively working through accessibility improvements and prioritizing updates to ensure our website is more inclusive and user-friendly for all visitors.

We will not be taking you up on your offer for the consultation as we are still very busy with our newest edition that was updated over the weekend.

We sincerely appreciate the time and effort you put into preparing and sharing this report.

Kind regards,

**Rona rona.bilbro@ethnologue.intercom-mail.com**
